THE LENOVO® THINKCENTRE® M92 / M92p DESKTOP

SCALABLE FOR PERFORMANCE AND PRODUCTIVITY

The Lenovo® ThinkCentre® M92/M92p is designed for extended lifespan with reliability, manageability, and sustainability. Desktop maintenance is hassle free with 15 month life cycle and high platform stability through Intel® Stable Image Platform Program (SIPP). In addition, the Intelligent Cooling Engine (ICE2) helps you manage desktop acoustics and cooling as required.

Choose your desktop from the tower, small form factor, or the new tiny form factor – specifically designed to suit your need. The new tiny form factor is the industry first 1L Intel® vPro™ desktop along with VESA mount support for multiple mounting options – including at the back of a supported monitor.

Powered by the latest 3rd generation Intel® Core™ processors, the ThinkCentre® M92/M92p provide uncompromised performance across form factors. Maximize system efficiency with Lenovo Enhanced Experience 3 and RapidBoot HDD accelerator. Gain greater performance with support for Intel® Smart Response Technology. The desktop is loaded with the industry leading features for communications and enhanced user experience.

The ThinkCentre M92/M92p offers all that you need to work in peace of mind – the best performance, enhanced productivity, and renowned reliability.

LENOVO ENHANCED EXPERIENCE FOR WINDOWS® 7. FAST. SECURE. BUILT FOR BUSINESS.

Discover a better way of doing business with the new Lenovo Enhanced Experience for Windows® 7 on Think PCs. Faster, more durable and greener Think PCs are optimized for Windows® 7 to deliver improved ease of use. It enhances productivity and foolproof security that your business cannot do without.

ENTERPRISE-CLASS PRODUCTIVITY

- Latest 3rd generation Intel® Core™ processors for uncompromised performance
- Exceptional communications with Lenovo's 1st premium commercial VoIP ready design and Microsoft® Lync™ qualified¹
- Support for Intel® Smart Response Technology improves system storage performance using SSD
- Support for quad display via Mosaic mode¹ multi-display technology for exclusive viewing

ECO-FRIENDLY GREEN SOLUTIONS

- Desktop Power Manager with Cisco EnergyWise certification for increased energy savings
- Certified by ENERGY STAR 5.2, EPEAT® Gold and UL Environment Gold
- 80 Plus® Platinum power saving unit with 92% energy efficiency

DESIGNED FOR LONG LIFE AND USABILITY

- Constant image and 15 months life cycle with Intel® Stable Image Platform Program (SIPP) offers high platform stability
- Simplified desktop and cloud management with the Intel® vPro™ support
- Real-time VoIP communication with the latest Communication Utility, optimized HD camera, and array microphone
- Enhanced data protection with Trusted Platform Manager (TPM) and RAID support²

²Through special bid

LENOVO SERVICE

Lenovo offers a comprehensive portfolio of award-winning services to support and protect your ThinkCentre® investment. Succeed with substance, and let Lenovo's Service support you all the way.

Priority Technical Support*

Makes your priority, our priority. 24x7 priority call routing to advanced-level technicians, electronic incident tracking, and escalation management services.

Warranty Extensions (1 to 5 Years Total Duration)

This fixed-term, fixed-cost service helps accurately budget for PC expenses, protect your valuable investment, and potentially lower the cost of ownership over time.

Keep Your Drive

Retain your drive if it should happen to fail, giving you the peace of mind to know that your valuable data is secure.

Asset Tagging

Systems can come equipped with a professional, flexible asset tag based on your exact specifications. PCs are easily identifiable and trackable right out of the box.

Tech Install of Customer Replaceable Units

Some replacement parts are designated as Self-Service Customer Replaceable Units (CRUs) but with Technician Installed CRU Service, Lenovo's onsite service includes installation of all needed CRUs.

Imaging

We provide a customized image based on the needs of your organization, maximizing your hardware investment and saving significantly over the life of your systems.

Asset Recovery Service

Helps you mitigate the environmental and data security risks associated with end-of-life asset disposal with secure, documented disposition of IT assets and data.
